# HEALTH AND HUMANITARIAN AID WHERE OTHERS CAN'T REACH

## WHO WE ARE

Alliance for Public Health (APH) is a Kyiv-based international charitable foundation with 25 years of work on HIV, TB and viral hepatitis. Since February 2022 it has added a nationwide humanitarian and frontline health response, reaching 2+ million Ukrainians.

**Audited internationally**, most recently by Deloitte & Touche.

## WHAT WE DO

### FRONTLINE MOBILE CLINICS
Primary care, lab diagnostics, ultrasound and ECG, TB X-ray and GeneXpert, dentistry, sexual health and home visits for bedridden elderly people in villages with no remaining doctors.

### EMERGENCY HUMANITARIAN AID
Evacuations, convoys, food, hygiene and winterisation supplies, multipurpose cash ("Assess and Assist"), shelter repairs and services.

### COMMUNITY-LED RESPONSE FOR INTERNALLY DISPLACED
Small and medium grants to local groups through the survivor- and community-led response (sclr) model, plus psychosocial, legal and medical counselling.

### UNINTERRUPTED HIV, TB, HEPATITIS AND OAT CARE
Keeping life-saving treatment going for displaced and key populations inside Ukraine and abroad.

### MENTAL HEALTH AND DIGITAL CARE
Help24 telehealth, #HelpNOW navigation for refugees in 50 countries, and the AI virtual social worker TWIIN.

### VETERANS AND PEOPLE WITH DISABILITIES
Ukraine's first inclusive habilitation centre (HAB, Lviv) and the "Touchpoint" programme for veterans blinded in the war.

## WHY PARTNER WITH APH

**01**

### REACH WHERE OTHERS CAN'T GO

A mobile fleet in eight frontline and de-occupied regions, plus regional partner NGOs across all oblasts.

**02**

### HEALTH AND HUMANITARIAN IN ONE PACKAGE

Aid delivery combined with diagnosis and treatment, so support does not stop at a food kit.

**03**

### PROVEN AT SCALE

APH and partners found 42% of all new HIV cases in Ukraine during the war while running the humanitarian programme.

**04**

### TRUSTED BY MAJOR DONORS

The Global Fund, PEPFAR, Christian Aid, DEC, OCHA's Ukraine Humanitarian Fund, FCDO, WHO, SIDA and others.
